

PUBLICATIONS

- Neelamathi, E.,** Vasumathi, E., Bagyalakshmi, S. and Kannan, R., (2009). Insilico prediction of structure and functional aspects of a hypothetical protein of *Neurospora crassa*, *J. Cell Tis. Res.* 9(3):1889-1894.
- Neelamathi, E.,** Alagendran S., Miller Samson,S. and Anusha, R. (2009). Propagation and conservation of an endangered plant *Ceropegia barnesii* Burce et Chatterjee through encapsulated nodal explants. *Eco-Chronicle* 4(1): 07-11.
- Neelamathi, E.** and Kannan, R. (2010). Phylogenomics of selected rhodophycean seaweeds inferred from 18s rRNA partial sequences, *Advanced Biotech.*
- Neelamathi, E.,** (2009). “Insilico prediction of structural and functional aspects of hypothetical protein of *Mentha piperita*.” Proc. State level seminar on “Herbal remedies and resources” held at Nallamuthu Gounder Mahalingam College, Pollachi on 19th September 2010.
- Kannan R., Remia K.M. and **Neelamathi E.** (2012). “Ethics for excellence in scientific research”. Proc. National level seminar on “Academic excellence through quality sustenance and enhancement” held at Nallamuthu Gounder Mahalingam College, Pollachi on 17th and 18th August 2012.
- Neelamathi, E.,** and R. Kannan, (2012). Molecular characterization and phylogenomics of bioactive seaweed – *Turbinaria ornata* from the Gulf of Mannar, India. *Gen Bank, NCBI*, Accession No. JX218044.
- Dhanalakshmi, V., K.Shanthi, S.Mariselvi, **E.Neelamathi,** (2012). Phytoremediation of an eutropic pond Krishnan anaikattu kulam of pollachi town by *Vetiveria Zizanioides* L. *Environmental Science – An Ind. J.*, 7, (1): 5-9.

Ramya R., **Neelamathi, E.**, and R. Kannan, (2014). Species discrimination by DNA barcoding in the members of the Nyctaginaceae family. *Gen Bank*, NCBI, Accession No. KJ174289.1

Neelamathi, E. and R. Kannan (2016). Screening and Characterization of Bioactive Compounds of *Turbinaria ornata* from the Gulf of Mannar, India. *American-Eurasian J. Agric. & Environ. Sci.*, 16 (2): 243-251.

Neelamathi, E. and R. Kannan (2016). Molecular Phylogeny of *Turbinaria ornata* (Turner) J. Agardh. *International Advanced Research Journal in Science, Engineering and Technology*. Vol. 3, Issue 3: 7-13.

Suganthi A., **E. Neelamathi** and R. Ragunathan (2020). Species discrimination of *Syzygium cumini*, a myrtaceae member. *Gen Bank*, NCBI, Accession Nos. MN580498.1, MN580499.1, MN580500.1 and MN580501.1

Rajalakshmi K., **E. Neelamathi**, J. Alahupreeti and D. Vasanthi (2020). Assessing the genetic diversity of chilli varieties with DNA markers. *Int. J. of Botany and Research*. 10(2):85-94

Neelamathi E., K. Sindhu, K. Rajalakshmi, R. Rakkimuthu, P.Sathish kumar, A.M. Anandhakumar, D.Sowmiya, S. Aarthi and J. Alahupreethi (2021) Chemical profiling and its antibacterial activity of essential oil from the leaves of *Artabotrys hexapetalus* (l.f.) Bhandari. In proc. Int. Conference on Emerging trends in Science and Technology. ISBN No. 978-81-953602-1-5. Pp. 62-68.

Rajalakshmi K., V. Chellapandiyan, **E. Neelamathi**, M. Latha Isabel, V. Suganthi, J. Alahupreethi and S. Aarthi (2021) Documentation of ethnomedical knowledge of Paliyars in Sadhuragiri hills, Virudhungan District. In proc. Int. Conference on Emerging trends in Science and Technology. ISBN No. 978-81-953602-1-5. Pp. 86-93.

Neelamathi E. and C. Menaka (2021) Antimicrobial activity of *Pneumatopteris truncata* (Poir.) Holttum. In proc. Int. Conference on Emerging trends in Science and Technology. ISBN No. 978-81-953602-1-5. Pp. 113 – 116

Neelamathi E. and C. Menaka (2021) Phytochemical screening and GC-MS analysis of *Pneumatopteris truncata* (Poir.) Holttum. In proc. Int. Conference on Emerging trends in Science and Technology. ISBN No. 978-81-953602-1-5. Pp. 117 – 125.

Rakkimuthu R., S. Aarthi, **E. Neelamathi**, P.Sathish kumar, A.M. Anandhakumar and D.Sowmiya, (2022) Green synthesis of reduced Graphene Oxide Silver nanocomposite using *Anisomeles malabarica* (L.) R. Br. leaf extracts and its antibacterial activity. Rasayan J. of Chem. Vol. 15 (1) Pp. 417-422.
